

REMARKS

The notice to file corrected application papers correctly indicates that the brief description of the drawings does not describe Fig. 23C. The applicants have accordingly amended the brief description of the drawings to indicate that Fig. 23C shows Indexes in an index table. Support for this amendment can be found on, for example, pg. 60, lines 24-25.

In view of the foregoing, the applicants submit that this application is in condition for allowance. A timely notice to that effect is respectfully requested. If questions relating to patentability remain, the examiner is invited to contact the undersigned by telephone.

Respectfully submitted,
